

Château Saint Pierre

CUVÉE TRADITION ROSÉ

A.O.C. Côte de Provence

Château Saint Pierre dates back to the eleventh century. Recent rehabilitation work in the cellar have revealed vestiges of a church dedicated to Saint Pierre that had belonged to Foulques, Lord Of Les Arcs. This property and the land around it were bequeathed to the Saint Victor Abbey in 1055.

Handed down from father to son for the past four generations, Jean-Philippe Victor now manage this 55 hectares vineyards that stretch from the Argens River up to the foot of the Maures Mountains.

TASTING NOTES

The nose is a rich blend of well water minerality, peach and strawberry. The palate is lush with tropical fruits, stone fruits, sweet peach and cherry, balanced by excellent acidity and a dose of minerality. The finish allows the fruit back to the forefront.
