

Weingut Buchegger

RIESLING RIED TIEFENTHAL

D.A.C Kremstal

The story began way back in 1893, and the Buchegger family has devoted itself diligently to winegrowing ever since then. Vines have a much longer tradition in Gedersdorf – first mentioned in an official document in 1190 – where most of the vineyards of the Buchegger estate are growing. At that time, the local monasteries owned vineyards and harvested the best grapes from parcels in the Holzgasse or Moosburgerin, which 800 years ago bore the same names as they do today.

In 2006, Weingut Buchegger moved its cellar to Dross, and the first harvest was vinified here that year, while the eleven hectares of vineyards naturally remained rooted in Gedersdorf. Primarily, Grüner Veltliner and Riesling grow in these vineyards, but one also finds the varieties Roter Veltliner, Chardonnay and Zweigelt.

PARKER WOLF

wine & spirits

COUNTRY

Austria

VARIETAL

100% Riesling

SOIL TYPE

Loess

VINEYARD

25 to 50 years old vines

1,5 ha.

Large Terraces

Wild Herbs & White Flowers between the rows.

Orientation southeast

HARVEST

Hand Harvested

VINIFICATION

Whole bunch pressing

Fermentation in stainless steel tanks

Mature on the fine lees

TASTING NOTES

Clear stone fruits aromas, very fine and precise in the nose. On the palate it stays very compact, with no trace of being overloaded. Just the opposite bone dry, with a vivid acidity and a very round finish.
