

## Château La Croix Bellevue

A.O.C. Lalande de Pomerol

Tightly bound to his terroir, his merlot vine stocks and determined to produce great wines, the Trocard family has been running for 14 generations (1628) a high-quality vineyard in the heart of Libournais encompassing Saint Emilion and Pomerol.

Restricted to a few hectares in the XVII century, the Trocard family owned vineyards expanded with Jean Trocard, who demonstrated his talent of winemaker in 1945. His son Jean-Louis Trocard took over the estate with his wife Elizabeth Trocard-Decons in 1976. Since then, the Trocard Vineyards have acquired an international stature with extension of the vineyard area from 20 to 90 hectares.
