

Vigne Del Malina

MERLOT

I.G.T. Venezia Giulia

The "Vigne del Malina" are born where two streams, the Malina and the Ellero, certainly not by chance, have drawn a goblet shape. An alluvial soil of unique characteristics and microclimate, ideal not for large quantities but for great quality.

Wines are born on an estate of 150 hectares, of which vines occupy only a limited part. Thus the vineyard, with a low ecological impact, breathes and enjoys biodiversity and continuous manual intervention by man, since we have excluded any herbicide.

PARKER WOLF

wine & spirits

COUNTRY

Italy

VARIETAL

100% Merlot

SOIL TYPE

Medium textured soil with mainly alluvial gravel

VINEYARD

4,830 vines/ha
Guyot trained
Exposition North-South

HARVEST

Manual harvest

VINIFICATION

30 months ageing Wood barrel Bottle
36 more months in bottle

TASTING NOTES
