### COLECCIÓN

D.O.C. Valle de Uco Mendoza

#### WHERE BORDEAUX MEETS MENDOZA

Cuvelier family's history in Argentina began in 1998, merging two centuries of French know-how, with the Argentine experience and the Mendoza terroir. Michel Rolland, Advising Oenologist at Château Léoville-Poyferré and Château Le Crock, Cuvelier family properties for more than a century, offered Bertrand and Jean-Guy Cuvelier the opportunity to invest in his Andean project. Seduced by Mendoza and by the "Clos de Los Siete" project, they decided to launch Cuvelier Los Andes. Seeking to implement their Grand Cru Classé de Bordeaux production techniques in the Uco Valley, they developed wines of excellence, with a signature Bordeaux style, and created Malbec-based blends, which are proudly presented as the Argentine cousins of Château Léoville-Poyferré.
