### WHITE HILL CHARDONNAY

A.V.A. Santa Rita Hills

Started in 2009 with only 4 barrels of Chardonnay, all from the same vineyard in the Sta. Rita Hills. The original idea was to make one wine. However, the wine itself had a different plan and we gladly listened. Since then, we've had the opportunity to expand our lineup by accessing chardonnay grapes from other vineyards in the Sta. Rita Hills and the neighboring sister AVA of Santa Maria, and produce wines like La Hermana and our flagship, Four.
