

Weingut K+K Kirnbauer

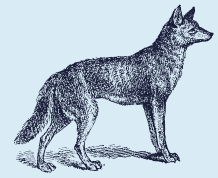

7301

D.A.C. Burgenland

The K + K Kirnbauer winery is run as a family business. The family winery towers above the roofs of the Blaufränkischland. Here the sun pampers the vines 300 days a year. Together with the heavy soils, the best red wines grow here on the winery's 40 hectares of vineyards.

Harmony of wine and wood is THE philosophy of the house. The company is completely committed to sustainable management: conservation of nature and resources should also enable future generations to enjoy optimal wine-growing conditions.

"Our wines stand for the highest level of enjoyment, Pannonian joie de vivre and are an expression of our identity," says Markus Kirnbauer, summing up the attitude.

PARKER WOLF

wine & spirits

COUNTRY

Austria

VARIETAL

100% Blaufränkisch
