

Terre Rouge

SAUVIGNON BLANC “NATOMA”

A.V.A. Sierra Foothills

TERRE ROUGE means "Red Earth". This vermilion-colored soil is one of the hallmarks of our region. Our vineyards are in soils that are largely granite and volcanic-based. Wines made from Rhône varietals grown in the rugged and varying terroirs of this region: Syrah, Grenache, Mourvèdre, Viognier, Roussanne, Marsanne. High elevation sites up to 3200' contribute to the complexity of our wines.

Terre Rouge and Easton Wines was founded in the late 80s by husband and wife team Bill Easton and Jane O’Riordan. Bill is one of the original Rhône Rangers and pioneered the Rhône varietals in the Sierra Foothills. He received the Lifetime Achievement Award from the Rhône Rangers in 2016.

PARKER WOLF

wine & spirits

COUNTRY

USA

VARIETAL

Sauvignon Blanc

SOIL TYPE

Granitic and sandy loam

VINEYARD

Chatom Vineyard – Y’Quem Clone
Saureel Vineyard – Musqué Clone
1600ft Elevation

HARVEST

By Hand

VINIFICATION

Whole-cluster pressed
Fermented in stainless steel
Aging 9 months French oak on lees
NO Maloactic Fermentation

TASTING NOTES

Retains delicious crispness. The complex and exotic fruit flavors suggest among other things: key lime, casaba melon, and papaya. Finish with brisk mineral notes.
